

Individual Assessment and Certificate for Group eLearning

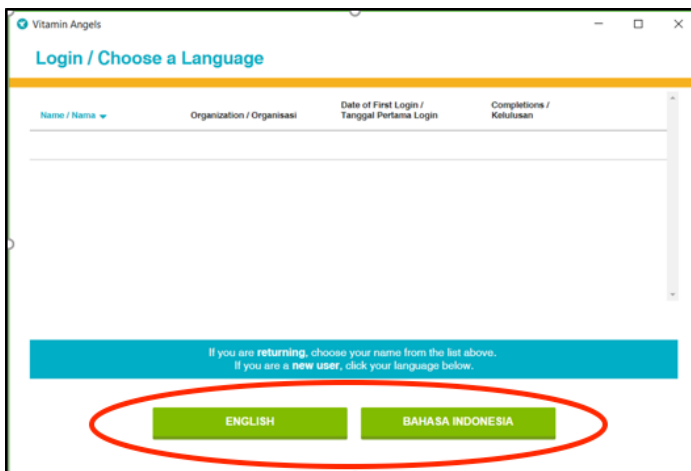

After completing the VAS+D eLearning course and taking the assessment as a group, the person who originally registered for the course can print out her or his certificate of completion. After that, each learner can take the assessment test individually and receive their own certificate. To do so, follow the steps below:

ASSESSMENT AND CERTIFICATE

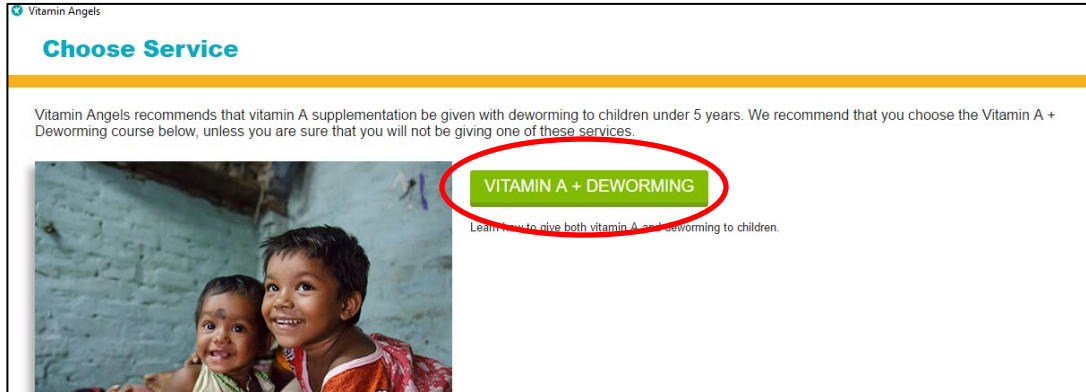

1. Click “Logout”

2. Screen will return to the Login/Choose a Language Screen. Choose the appropriate language

3. Next, click “Vitamin A + Deworming”

4. Fill-in the learner’s information and click “Register”.

First name:

Last name:

Email: (optional)

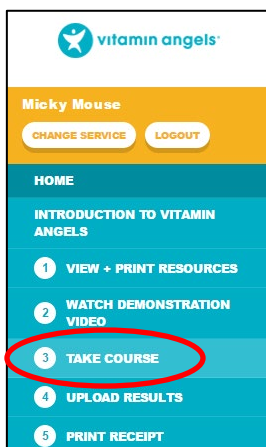

Phone: (optional)

Country:
Select a country...

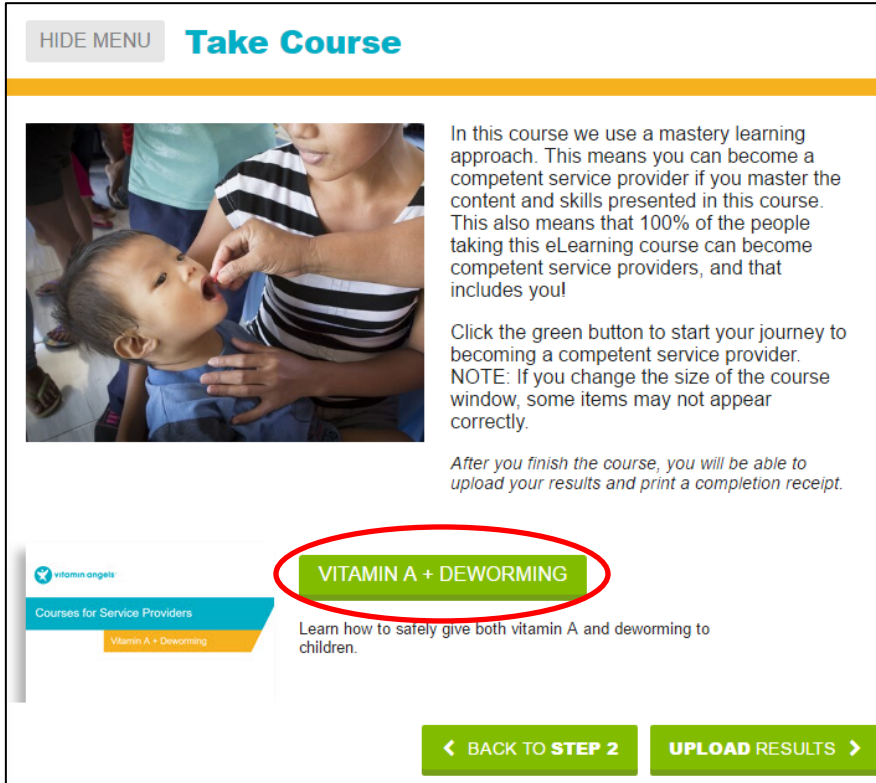

Organization:
Select an organization...

REGISTER

5. Click “3. Take Course

6. Click “Vitamin A + Deworming”

HIDE MENU **Take Course**

In this course we use a mastery learning approach. This means you can become a competent service provider if you master the content and skills presented in this course. This also means that 100% of the people taking this eLearning course can become competent service providers, and that includes you!

Click the green button to start your journey to becoming a competent service provider.
NOTE: If you change the size of the course window, some items may not appear correctly.

After you finish the course, you will be able to upload your results and print a completion receipt.

Courses for Service P

8. Scroll down the list and click 6.1.1 Test Introduction

9. Take the test and exit the course upon completion

10. Print the receipt

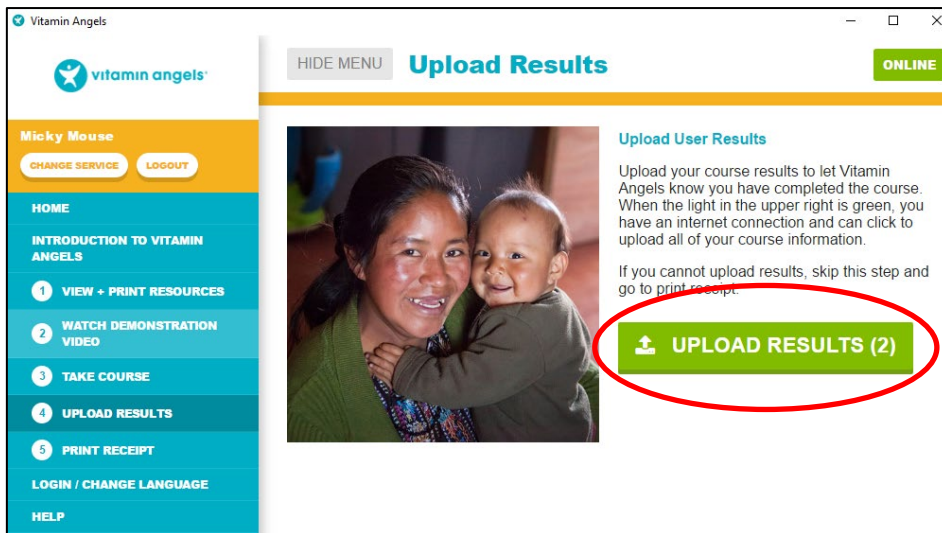

11. For the next learner, return to step 1 and repeat the process

UPLOADING RESULTS

There are 3 ways to upload eLearning results:

1. When the last learner has completed the assessment and printed the receipt, all the results can be uploaded. If the computer has internet access, click “Upload Results”

2. If there is no internet, results will be saved on the computer (or USB, if using that) and can be uploaded when the computer is later connected to the internet
3. Alternatively, results can be uploaded by using a smart phone camera to scan the QR code printed on the receipt. The smart phone must be connected to the internet to do this

Please contact your Vitamin Angels representative with any questions or comments.
