

Kulea Watoto Wenye Afya

Kutunza Watoto Wasiwe na Minyoo

Watoa huduma lazima wahakikishe na wasisitiche yafuatayo;
Maji, Usafi wa Mazingira na Mazoea ya usafi (WASH)

Tumia Vyoo

Kunywa maji yaliyotakaswa

Vaa viatu au sapatu

Pika Mboga mbichi

Osha chakula, na vyombo kabla ya kula

Nawa mikono baada ya kutumia choo, kabla ya kula, kutayarisha chakula na kulisha wengine

Tembe za minyoo huondoa minyoo ya matumbo, ambayo huboresha afya na hali ya lishe kwa watoto wa miezi 12 hadi miezi 59*

Ponda tembe za minyoo kila wakati kuzuia kunyongwa

Kumbusha walezi kuleta watoto kupokea tembe za minyoo kila baada ya miezi 4-6

**Kwa watoto wasio kati ya miaka hii fuata maagizo ya wizara ya afya ya nchi yako*
